EDWIN KIMUTAI R.

FULL STACK DEVELOPER

📞 **+254706410093**   ✉ edwinronyx@gmail.com   in **EdwinKimutai**

SUMMARY

A results-driven professional with a broad skill set spanning strategic communication and full stack development, underpinned by three years of practical experience. Skilled in crafting scalable web and mobile solutions, bringing both flexibility and innovation to the digital space. Known for a sharp attention to detail and a creative mindset, adept at transforming complex concepts into intuitive designs and seamless user experiences. Strong collaboration techniques and excellent communication skills support effective teamwork and stakeholder engagement, ensuring valuable project outcomes. Committed to continuous learning and development, ready to contribute meaningfully to organizations aiming to elevate their digital footprint through modern design, strategic messaging, and technical excellence.

PROFESSIONAL EXPERIENCE

May 2022 – Present | Mobitenant
Senior Full Stack Developer

- Started a SaaS company with my brother in the real estate business
- Develop and maintain scalable applications using a modern framework React Native, for optimal performance and compatibility.
- Lead the entire software development lifecycle, from architectural planning to deployment and continuous improvements.
- Collaborate with UI/UX teams to build intuitive, user-friendly interfaces that boost engagement.
- Integrate third-party APIs and internal systems to streamline processes and improve system interoperability.
- Mentor junior developers, conduct code reviews, and uphold coding standards for clean, maintainable code.

March 2025 –April 2025 | MaxOut
Junior Front End Developer

- Develop and maintain scalable web applications using a modern framework; React, for optimal performance and compatibility.
- Collaborate with UI/UX teams to build intuitive, user-friendly interfaces that boost engagement.
- Integrate third-party APIs and internal systems to streamline processes and improve system interoperability.
- Mentor junior developers, conduct code reviews, and uphold coding standards for clean, maintainable code.

EDUCATION

September 2022 - 2026 **Daystar University**, Athiriver Bachelor of Applied Computer Science

PROFFESIONAL ADDITIONAL CERTIFICATIONS

React Native Mobile Development (Self-Taught)
Instructor: Mosh Hamedani (Programming with Mosh on YouTube) **Completed:2024**. Completed a comprehensive series on building cross-platform mobile applications using **React Native**. Gained hands-on experience with **React components, navigation, state management (Context API)**, and **Expo**. Built several mobile app projects, practicing real-world implementations of authentication, API integration, and responsive layouts.

Web Graphics and Multimedia Certificate (WGMC) Equips skills for working as a Web graphic artist, creating illustrations, pictures, buttons, and other images for use on the Web.

Coursera Project Network Certification
SKILLS: HTML, CSS, JavaScript

Web Technologies Certificate (MTC) – continuing Provides the Web developer with a solid foundation in the basic technologies used to create Web sites.

RELEVANT SKILLS

HTML, CSS (bootstrap) & JAVASCRIPT, C++, SQL

Digital Marketing

Adobe Photoshop

UI UX Design (figma)

May 2025 – Present | C.F.F lukenya
Senior Full Stack Developer

- Develop and maintain a scalable Religious application using a modern framework; React Native, for optimal performance and compatibility.
- Lead the entire software development lifecycle, from architectural planning and the development is still on going
- Collaborate with UI/UX teams to build intuitive, user-friendly interfaces that boost engagement.
- Integrate third-party APIs and internal systems to streamline processes and improve system interoperability.

Junior Frontend Developer (Contract)
Freelance Project – WordPress eCommerce Website
March 14–21, 2025

- Collaborated on the rapid development and customization of an eCommerce website using WordPress and WooCommerce.
- Implemented responsive frontend designs using HTML, CSS, and JavaScript, ensuring mobile-first compatibility across major browsers.
- Customized and integrated WordPress themes to match client branding and UX requirements.
- Optimized product display layouts and navigation elements to improve user experience and conversion potential.
- Assisted with plugin configuration and minor debugging to ensure seamless shopping cart and checkout functionality.
